

DAIL COMMUNITY

Help Wipe the Tears of the Hungry with Babfor Reconstruction

30 Years of Dail Community, Looking Forward to Another 30 years...

30 years ago at the Cheongnyangri station square, an old man from Hamgyeong-do collapsed on the ground, drained from four days of starvation. The young Choi Il-do held his hand, picked him up from the ground and fed him a bowl of hot soup. The old man gained more than just a full stomach, and through that encounter and a bowl of soup, I gave up studying in Germany to help people in need, the sharing of love that continued till this day.

The number of bowls shared exceeded ten million on May 2nd, 2017, and though it is much more than that now, we are still sharing meals in a temporary building. At the Cheongnyangri station square, the vegetable market, and under the overpass we acquired space for the people to sit and have a meal, but the temporary Babfor building made of panels is constantly under the risk of being the victim of NIMBY syndrome.

Babfor is now a renown representing name for sharing and serving. Taking the 30th anniversary as an opportunity, we hope to become more than just hunger-carers, touching hearts and souls with culture and welfare. Babfor as a multi culture welfare town can only be achieved through your help and support. We hope that all the Babfor members and supporters, who have whole-heartedly supported us all along, support us with the God-pleasing project.

On November 11th, 11am, the 30th anniversary of Dail Community, elders, homeless, the poor, and the supporters who fed anyone hungry, gathered together at the Babfor yard for worship service. The 30th anniversary was like the miracle of five loaves of bread and two fishes, full of joy and blessings. In the evening, we held the Dail Volunteer Awards for many volunteers that helped us for the past 30 years. We shared our gratitude and vision for the future of Dail. Every event was full of grace. We hope many would join us on this path of miracle, with the new to-be-constructed Babfor center, with your love and support.

Sincerely

The Little Brother *최일도*

COVER STORY

We remember the times when Babfor first started at the Cheongnyangri Station Square, then next to a heap of trash at a vegetable market, and under the Cheongnyangri overpass. Now we wait the support and interest of many people to build our very own building.

Support the Babfor Reconstruction!

How many people have their own property in Seoul? Nowadays it is becoming harder to have one's own property in the capital. The rich become richer, but the poor and the unfortunate are forced to move further away from the center, to places with poor residential environments. This is also the situation of the families that must visit the Babfor everyday to have a meal.

Most of them live in small rooms or rents, many of them who come from the outskirts of Seoul because they can't even afford such a room in the city. Those who live in Dongducheon, Paju, Munsan, Incheon, Namyangju, etc. take the subway for two, three hours to get here for a meal. Nevertheless, they are grateful that the subway is free for the aged (over 65).

Please give us a registered Babfor building, where we can comfortably share a bowl of rice for

family members of the community who have never had a property in their name in Seoul. The current Babfor building, built by the Dail Community, is a temporary building constructed on Seoul city's property. Because it is temporary, so it had to be built not with steel and concrete, but with panels. It doesn't even have an elevator for the handicapped people.

The elders can't go up the stairs with their legs and knees. We would love to hold cultural lecture programs and various events for them on the second floor, but the building has limitations. The elders have their meal on the first floor and go back home because they cannot climb the stairs.

We also hope to move the Dail Little Heaven, the final shelter for the sick and homeless, here at Babfor. It currently uses part of the Dail Angel Hospital, but it originally belongs here with Babfor.

Babfor means 'Scooping Rice' in Korean.

The Cheongnyangri district used to be home to many poor people with small rooms and cheap housings. But now it is being redeveloped with high-rise apartments and buildings. Amid this wave of redevelopment, Seoul city is working on a project to build a welfare center on the city property next to the Babfor center. The construction project includes a chunk of Babfor ground, and once the construction begins, space for our use will be significantly reduced.

The Dail community knows clearly that the higher the height of the buildings, the deeper the shadows and the greater the pain of the poor who are left out

in the concrete jungle. That is why we need our own Babfor building, at which the alienated families of the community can feel at home.

The first donation to the Babfor reconstruction was KRW10,004,000, from a pastor who has lost his son. 1004 is pronounced the same as the word 'Angel' in Korean. Even in the sorrow of losing an beloved angel, he gave thanks to God and wanted to help Babfor. We hope that we can all see this loving spirit and bring our hearts together to build the Babfor with our prayers and support.

Dail Community 30th Anniversary, Giving thanks and sharing joy with the neighbors!!

30th Anniversary Thanksgiving Worship Service

November 11, 2018 is the 30th anniversary of the Dail Community.

Our act of sharing and love since 1988 has continued for 30 years.

There's been a lot of events in the past 30 years. The Dail Community wouldn't have had this joy without the commitment and love of our neighbors and volunteers, back then when we used to share meals under the Cheongnyangri overpass, and also now with the Bapfor center,

Angel Hospital and many overseas branches. To mark the 30th anniversary of our foundation, we have prepared a thanksgiving service to share gifts with the neighbors in the morning, and the Dail Volunteer Awards in the afternoon to appreciate the volunteers.

Since early in the morning this day, many neighbors have joined us in the front yard of the Babfor Center to celebrate the 30th anniversary together. Thanks to the performance of the navy's public relations team and the Saxophone mission team, the service was enjoyed by many people.

Minister Kim Dong-ho, the chairman of the

PPL Foundation, delivered his speech under the title "Church Built Upon the Rock." Many people were moved by his message, that Babfor is a church, because there is love and sharing, and that he hopes Babfor as a church would last for generations to continue this act of love. The longtime sponsors of Dail, the tax services company Seokseong and the Navy Headquarters, also celebrated the 30th anniversary together.

After the 'Bread of Life,' and the performance Navy's public relations team, we served meals to the elders who had waited since dawn. We also

presented them with warm inner wears, lunch boxes and snacks. Their hearty smiles filled our hearts with warmth.

Thanksgiving and Companionship

Dail Volunteer Awards and Thanksgiving Night for supporters

At the thanksgiving night of November 11, we held the **Dail Volunteer Awards** at the Sejong Cultural Center to appreciate and acknowledge the volunteers that have dedicated to our community without price.

The rapper San E and newscaster Chae Ga-hye were the MCs of the thanksgiving night, and Park Won-Soon, the mayor of Seoul delivered his congratulatory message. Once the mood was liven up by Jang Sa-ik, the maestro of traditional Korean voice, the Dail Awards began. Former Korea World Vision Chairman Park Jong-sam,

who served as the chairman of the awarding committee said that they tried their best to evaluate the awardee fairly. He also added that their priority was in those who have volunteered for over 10 years, those who have saved lives, and those who have volunteered even during their own hardships.

Certificates, plaques and bouquets were awarded to 15 teams, 15 individuals and 2 special awardee. Both the award giver and the receivers were thrilled with joy. The classic quintet U Angel Voice congratulated them with their performance. Kim Jong-un and Kim Dong-yeol gave their award speeches that deeply moved everyone. Kim Jong-un spent his honeymoon with Babfor and ever since, his whole family has volunteered. Kim

Dong-yeol, who works as a driver at the Seoul Metro, constantly visited Babfor to help out. Finally, the honorary ambassador Park Sang-won and minister Choi Il-do delivered a message of joy and gratitude and provided information on supporting the reconstruction of Babfor building. Everyone agreed on the meaning and necessity of Babfor's reconstruction, and many of them subscribed to support us.

The Dail Community has been able to serve for 30 years because of the supporters, and the volunteers who have devoted themselves to great love without any compensation.

Everything we are, it is thanks to you!

We will continue to work with those who help us and humbly serve the community.

Looking at the 30th Anniversary of Dail Community from the Academic Perspective of Each Field

The 30th anniversary symposium was successfully held on October 18th, 3:30 pm, at the Gwangjang-dong Presbyterian Theological Seminary auditorium (Ju Gi-cheol Memorial Hall).

The symposium was held with four topics, with each topic's presenter presenting a paper and the participants commenting on it. Dr. Park Jong-sam (former Korea World Vision chairman) gave a general review of the conference.

The presenter of the first topic, Cho Han-sang, a professor at Busan Presbyterian Theological Seminary, analyzed the 30-year history of Dail community from a spiritual theological view. He said that the Dail spiritual training program supports the spirit of the Dail Community's ministry and thus it can serve left out neighbors and help create a better world.

The second topic was the social welfare perspective of the 30 year service of Dail Community, presented by Dr. Yoo Jang-chun (Professor at Handong University). He reflected the Dail's work to the Lord's prayer, and suggested future assignments to pursue.

Dr. Noh Chi-jun (Minister of Gwangju Yangrim Church) who presented the third topic analyzed the Dail's 30 years from a social ethic's perspective. He mainly discussed the 'Table Community' that come to Babfor for a meal and the 'Bab Peacemaker' movement to talk about meals and peace.

Dr. Kim Hyun-jin (Professor at Pyeongtaek University) was in charge of the final topic and announced the religious historical meaning of the 30-year history of the Dail Community. He explained the meaning and history of communities, and matched the meaning of church community with Dail.

This conference, scientifically organized and defined by experts in theology and social welfare, was conducted in a more passionate and enthusiastic atmosphere than ever before. Dr. Park Jong-sam commented, "Dail community was able to come this far because they always considered the poor and the powerless to be the center of their work. Dail should be aware that they are the leaders and a role model in the path that the Korean church should take, and must always remain humble."

Upon hearing the presentations of representatives from various fields, minister Choi Il-do, the head of the Da-il Community, expressed his gratitude for "the valuable thoughts, advice, and encouragements of the representatives, Dr. Park Jong-sam and Dr. O Sung Choon."

Group Chat at China Dail

As the autumn and winter come and go, the group chat of the China Dail graduates is overflowing with messages. The birthdays, marriages, children's birthdays are mostly concentrated during this season, so the chat is busy with congratulations and pictures shared.

Though they are a thousand miles apart, and busy living their lives, they are always sharing their events with each other. The blessings, jokes, cheers and prayers are what gives strength to all the members of the chat.

China Dail Aesim (Love) society

The members of the China Dail community are scattered all over China, Korea, and Cambodia, so the only time they can come together is during the Chinese New Year. But since once a year is far too seldom, the Aesim families residing at Hunchun region decided to come together regularly and plan specific activities. They not only eat together and share lives, but also do meaningful activities, helping people and doing things that God shows them to.

Wang Haiber

Wang, who recently moved from Jangchun to here at Hunchun, has joined the China Dail community and started living in the men's quarters with Haito and Yochan. They lived together at the Dail nursery when they were little, and it seems living together is familiar and fun for them. The three friends have decided to become regular sponsors, however small, for the China Dail.

'Fruits of Sharing! For Harvest at Thanksgiving!'

The season of harvest, Chuseok, or Thanksgiving, is coming soon.

As the Korean saying, 'I hope it's always Chuseok,' the season of harvest has the magic of relaxing and enriching people's hearts.

Vietnam harvests crops all around the year, so the Thanksgiving isn't such a big deal here. Nonetheless we share food or presents, especially the 'Moon Cake' with the children and neighbors to express our gratitude.

Just like before, many have shared with us this year.

The Saigon Hanmaeum Union Church, Lotteria Company, and the K.I.S orchestra sent delicious Moon Cakes. We would like to express our gratitude for their unchanging hearts of love.

Thank you. We love you.

I think you may receive this letter the time will be Christmas season. Merry Christmas and Happy New Year!

 CAMBODIA

The clear, beautiful sound of love at Phnom Krom!

Shalom! Greetings with love and peace from the Cambodia Dail Community!

The clear and beautiful sound of instruments and voices echoed at the Phnom Krom village on one fine day of September.

The Hana Tour Company, having supported us with 'Breadfor,' 'Boat Support Project,' and the 'Dome Library' through the 2017 Hope Tour, visited us at Cambodia with the Chungnam Cultural Foundation's Culture & Art Hope Tour Team.

The Culture & Art Hope Tour Team, COA Project (Dynamic Bounce) was launched as the culture and art support program to share the beauty of

the local culture and nature with the public and to expand opportunities for cultural enjoyment. This tour had the purpose of livening up and giving dynamic spirit to Cambodia.

Despite the blazing heat, the children gather at the wooden storage at the village entrance with the pre-distributed free concert tickets in their hands.

The children sat in their seats with their faces filled with excitement. It was their first experience with western classical music, but they concentrated nevertheless, and a while later the melody and the sounds of the children became a harmony that filled the hall.

3 support program from HANA tour

After the performances of violin, guitar, and piano in various genre from classical music to rap, the 'Arapiya,' the festival song of Cambodia was played, and of course, the people sang along cheerfully and some even danced to the music.

We were thankful to the local people, who must have been unfamiliar with classical music, but nevertheless applauded with each piece. Our clothes were soaked with sweat, but the concert with Hana Tours was also soaked with love and joy.

Thank you! It's a beautiful world!

“Salamat Po, for All the Love this Year.”

We are already at the end of this year. Our country Korea has stepped into the white kingdom of snow. But the children here at Philippines only know summer, and have never seen snow or the cold of winter. Nevertheless, they know that the warm support comes from the hands of volunteering angels who work hard even in the freezing cold.

Looking back, we realize all the love that we received this year. With the heart of gratitude, we would like to send our regards along with the lovely pictures of our children.

‘Thank you for your love this year. We hope you a merry Christmas, the day that God was born as a

Merry Christmas, Supporter! Thank you!

We send our greetings from the supported children all over the world, to the supporters who have accompanied us this year with love and attention. We wish you a merry Christmas and a happy new year!

Sindhupalchok Dream for Orphanage construction is finally on the way, thanks to the support of our support members!

The construction of the orphanage at Sindhupalchok was interrupted for three months, due to the lack of funds. How grateful we were when the construction resumed with the donation mainly from the supporters in the U.S! The Director of Nepal Dail and staffs are visiting the construction site daily to look into the details, and ensure a safe and sturdy building for the children.

It seems like yesterday that the rebar and concrete were intertwined and all over the place, but it has already started to look like home with red bricks stacked up three stories high.

The building started to look like a decent orphanage, with compartments for various uses, and we can already visualize the children playing

and living in those spaces.

The view from the orphanage is one of a kind. The windows were designed larger to let the children see the mountains and the river flowing right in front of the building. We hope the children here can breathe fresh air and grow healthy in nature.

Please Pray for Babfor at Kathmandu

Currently, the Babfor, kindergarten, and the Hopeschool of the Kathmandu Dail community is still waiting for approval of the government. We ask for your support so that they can be approved and start operating.

Approval for Pokhara Project

We established a Breadfor at Pokhara on April 8, 2014, and continued to share bread with the children for 5 years. The warm, steaming bread became nourishment for the children, helping them grow taller and healthier. Along with them, Breadfor also grew larger to be rooted at Pokhara.

But in Nepal, an NGO's approval to operate must be renewed every year. Breadfor failed to do so this year, and it resulted in potentially shutting down since July. We couldn't directly bake bread

for the children, but we spent the difficult times with prayer and ensuring internal stability. After months of tears and prayer, we were re-approved on September 3. Thanks to your prayers and support, we can share bread and the gospel with the children again.

We ask for your prayer and support for the NGO re-approval each year, so that we can help feed the children of Nepal, and preserve their little smiles.

UGANDA

“Youth Program 2”

After the first youth program in May, we did a second one for the vacation. There were a lot of feedbacks from the last program through the survey we conducted. The children said that the English and bible classes were very informative and they enjoyed the zoo field trip very much. Too much studying, they said, and suggested that we watch a movie or two in between. They also liked the bread and juice for snack, but said that it would have been better if we gave them porridge with warm milk, which we gladly offered the second time.

Reviewing the children’s report cards for the second semester, we could see that their English grades were not excellent, but improving, hopefully because of our programs. We could also see that the children were doing terrible at math. We asked around, and found out that only 1 of the 36 students have the math textbook, because of its expensive price. A surprising 130 students sat in one classroom, and it was impossible for our kids to learn any equations in the dark classroom,

with the front row seats taken by boarding students, the teacher’s voice inaudible, and the chalkboard a mile away. Our children don’t have textbooks for other subjects too, so we can’t expect them to improve on their grades.

So, we invited the math teacher at the Bahati middle school and taught basic math to the children from 2 pm to 4:30 pm. We also prepared math textbooks for all of them, so they were able to make notes and study at will. In the morning we had bible and English classes with pastor Richard. There was also the team-building, leadership classes.

It is not easy at Uganda for children to attend three weeks of classes, with all their chores at home, taking care of siblings, and working hours to earn money for school and expenses. To treat them with a special experience, we planned a field trip to the Victoria Lake, the source of River Nile, and to the ‘Lugazi Plant,’ the largest sugar plant in Uganda. The three hour drive, two

buses, was filled with the young girls’ and boys’ excitement.

The children expressing their gratitude for the trip, with a playful “Math? I’ll nail it!” was such a reward to our hard work. Three weeks isn’t very long, but we hope that the children can strengthen their basics through these programs. Also we hope the cultural field trips can enlarge their experiences and help them to be healthy members of the Uganda society.

We also decided to renovate a room of the Babfor center into a library, to be equipped with textbooks and other books to help the children study for their school and enjoy their leisure time

during the vacation. We ask for your support for these children, who have not even a desk to study at home, to widen their knowledge and achieve their dreams at the Babfor library.

TANZANIA

Support the Tanzania Youth FC Dail!

Jambo! A pleasure meeting you!

It's probably the same in any slums of the world; the children's favorite sport is soccer. The children here at the Kunduchi quarry also love soccer. In fact, soccer is loved by the whole nation, and one can watch games on TV at any restaurant or public places. The children don't have a proper ball, so they crumple up vinyl and tie it with strings to make a ball. Nevertheless, they enjoy playing with it, even with their bare feet. Thankfully, the Kunduchi Babfor center has a wide playground for them to enjoy soccer.

So we organized the Dail Youth Soccer Team around the children that come to Babfor regularly. Ibra, the secretary of Babfor center, recruited 22 players as soon as he heard the news. Ibra used to be a professional soccer player in Morogoro, and he has been praying for this all along. They don't even have proper uniforms or soccer shoes yet, but they meet every Saturday and Sunday, early in the morning to practice. We hope one of them will grow up to be a world-class player such as Messi or Ronaldo. Through them, we pray, that fame and glory will be to Tanzania and God. We ask for your prayer, support and encouragement for the Youth FC Dail!

2 Mussa visited center with mom on vacation.

3 standing in a special school without crutches for a while.

Pray for Mussa Ramadani

We have delivered news that one of our supporting children, Mussa Ramadani became sick with an unknown disease and became unable to walk or attend school. The costs for precise diagnosis and treatment was very expensive, but upon hearing this news, Musa's one-on-one supporter, Ju Byung-kyu and his family, sent the money to cover the expenses. The supporter is a doctor, which made him have even more interest in Mussa.

Afterwards Mussa transferred to a special education school for the disabled, run by the Tanzanian government. Through daily rehabilitation training and treatment, he is now able to walk with crutches, and is getting better each day.

We later on heard from Mr. Ju that he and his

family cheered loudly when they heard this news.

Mussa was able to attend the school and receive treatment because of the love and support of Mr. Ju and his family. We would like to thank them once again, and pray that Musa would get well enough to play his favorite soccer games with his friends.

God Is Among the Sharing of Love

In August, a very special guest visited us at the America Dail. It was Kim Yeon-su co-representative from the Korea Dail HQ, who encouraged us and delivered news on the Sindupalchok orphanage construction in Nepal, asking for help from the Korean community in U.S. Without even having time to rest from the jet lag, she met many people, day and night, in California and Atlanta, to ask for help.

The Nepal Dail community began building an orphanage for the 40 orphans from the earthquake of 2015, but had to stop the construction due to lack of funds. Many people we met showed sympathy for the situation and decided to support us with the construction, and we are forever grateful for that. It was times that we could tell that God leads every footstep and let us meet precious people.

We also sent newsletters to the supporters of Dail community of U.S.A. informing them of the situation at hand. Churches, businesses, groups and individuals sent their support, some of them along with hand written letters. The letters of sympathy greatly moved our hearts.

We poured out our hearts in front of the people we met, and they gave back much more each time. We were very thankful.

We once again realized through this fund raising for the Nepal Dail that a sincere heart moves people, prayers are answered, and God is

among those who share love with each other.

Also, through the donations, the construction was resumed. Only, one regrettable thing is that the operation of Babfor, Kindergarten, and the Hopeschool at the Kathmandu was interrupted along with the construction, and it is yet to be resumed, waiting for approval. Pray for the children who are scavenging for food, that we can feed them as soon as possible.

We are continuing to raise donations for the Nepal Dail. Those who are willing to support us, please contact the America Dail community. (770-813-0899, Director Go-Woon Kim). We thank each and every supporter in the U.S. who have supported us. We love you.

‘Lonely People, by Themselves...’

There are some people who do not welcome the holidays, ones who can't visit their home or family because of some painful reasons.

Each of the elders here at Dail Little heaven has one's own story, and are fighting cancer all alone. We have prepared entertainments and programs of consolation for them. Thanks to the support from Seoul Community Chest of Korea, and the Seoul Homeless Shelter Association, we were able

to spend a rich Chuseok, Thanksgiving.

Date	Time	Program
9.22(Sat)	10:00-12:00	Poetry reading contest, making Chuseok dishes
9.23(Sun)	13:00-15:00	Holiday gifts, Tuho
9.24(Mon) Chuseok	10:00-12:00	Singing contest
9.25(Tue)	09:00-14:00	Movie and eat out
9.26(Wed)	10:00-14:00	Go-stop, Gastroventure

On September 22, we had a poetry reading contest, funded by the Seoul city as a public contest, on the third floor. In the kitchen, volunteers made delicious holiday dishes such as Pumpkin pancake, Pollack pancake, Japchae, and braised ribs(Galbi jjim).

On the 23rd, we handed out thick winter clothes at the halls of the first floor. Mr. Nam, one of our residents, smiled happily and added, "I really needed these clothes for the coming winter after the holidays. Thank you very much."

On the 24th, the director had lunch with the residents and socialized with them. Following the meal was the singing contest, where many surprised us with hidden talents of song and dance, and different looks.

On the 25th, we went to the theatre to watch the film "Ansisung," despite the difficulties of movement in many elders. Mr. Kim, a participant, said, "It has been ages since I've seen a movie outside the facility, and was so much fun." The movie completed our happy holidays.

2 (Day 4) Watching Movie

A New Step Through the Dail Culture Class

The first class of Dail Culture Class' second semester was lectured by professor Lee Gi-ho of Hanshin University, titled "Peace of Korea and a Plan for a New Asia." Next in line was the troubadour and the composer of "Thorn Tree," professor Ha Deok-gyu (professor of applied music department, Baekseok University). The students sang along with him and listened to his lecture.

As always, the lineup of lecturers for each week of this semester was outstanding. Yu Deok-yeol, the head of Dongdaemun-gu office, Park Sung-rae representative, a smartphone and SNS teacher for elders over 50, Moon Hee-kang, the director of Korea Personality Counsel Education Center, Kim Sang-min, a former congressman who lectured "Feed Over Speak," Jo Yeon-hwan CEO, a former head of Korea Forest Service and current head of Korea Forest Academy, Lee Ji-sang professor of SungKongHeo (Anglican Church) University, a singer and a composer, Lee Hyung-woo, representative of human-

centered-management Midas IT, Yeom Chang-hwan director of hospital, who lectured "Happy Health Story for the Future," No Young-ju, the No. 1 vocal trainer that turned out many famous singers and musical actors, and currently the director of Power Vocal Academy. We would like to thank all these great lecturers. The rest of the semester will be lectured by Park Sang-won honorary ambassador, a famous movie actor, professor Park Hye-sook, who will share her personal experience of overcoming cancer, congressman Min Byung-doo of the Democratic Party, and finally, minister Choi Il-do, the representative of our Dail Community. On the behalf of the Little Heaven family, whose lives were enhanced by these precious lectures, we express our gratitude once again.

Dail Little Heaven 82-2-2213-8004

We would like to introduce one of our family members, whom we have known for 4 years, but it seems like we've known her forever.

Many parents wish to teach their children the value of volunteering and sharing. We would like to introduce one of them who has come to Babfor.

We present to you Hwang Ijin (20), once a little girl following her mother here every Saturday, but now a grown university student, coming to Babfor on her own will.

We interviewed Hwang Ijin, who have learned the value of sharing, and a society that helps each other, through the Babfor volunteering with her mother as a child.

1. When did you first visit Babfor?

It was the winter vacation of the third year of middle school. Now I am a freshman at a university, so it has been 4 years.

2. What was that brought you here?

I want to be a 911 rescue team member, specializing in emergency medical care. I can't yet help people with any professional medical knowledge, but I realized that I can start by helping people with little things. I wanted to help unfortunate neighbors with whatever I can do. While searching for a place to volunteer, my mother recommended Babfor of the Dail Community, since she knew my thoughts. Upon this opportunity, I have volunteered once or twice each month regularly, which continued till now.

3. Could you introduce your family members who come with you to volunteer at Babfor?

I like volunteering as a family because I can share this feeling of sharing with my family. First, there is my mom and aunt, who is the center of this volunteer and who always helps me with it. Then there is my brother Sukjin, who always complains of being tired but knows the value of sharing more than anyone. Also there are my cousins Kyu-yeon and Bo-yeon, who is very busy but comes to volunteer whenever they are free. And of course, there's me, who is busy with studying but always waiting to come here. The six of us are participating at Babfor once or twice every month.

4. You seemed to be very interested in helping others. What is the reason for continuing this act of love?

My mom and aunt influenced me into experiencing various activities since I was little. Then came by desire to help those in need and the interest in volunteer work. The Babfor's slogan, "Now, Here, From Little Things, From What I Can Do, Starting From Me," is exactly my thought in helping the people and the society.

5. What do you think 'Volunteer' is?

A paragraph from one of the printouts of Dail struck me and was deeply engraved in my heart, because it resonated with my own beliefs. "Sharing is a mirror, reflecting light. One reflects the light to another, then to another, and so on, until the world is a brighter place." "The process requires us to reflect and shine the light on someone else." As this paragraph says, I believe

volunteering can truly shine when individuals come together with a sincere heart. I also believe that volunteering isn't to be praised by others, but rather a worthwhile and a healing process for myself. True sharing is being thankful for giving whatever little I can give.

6. If there is anything you want from Babfor, let us know.

I hope Babfor will continue to be, as always, a hope of living for those in the dark, and a warm and comfortable home to those who need it.

Go Babfor! The Salt and the Light of the World!

I Am a Happy Volunteer

Babfor Sharing Movement Headquarters

Friendship Circle

The Friendship Circle visited Babfor at Cheongnyangri. It was their first time with us, but we were impressed by their endless energy and smile till the end. They entertained the elders before lunch, with Korean traditional music and pop music. Thank you for your joyful volunteering and sharing of love. We hope we can see you again!

Alpha Alpine Club

Once again, the Alpha Alpine Club visited Babfor this month to serve meals to the elders. The many ingredients to prepare and the bad weather got us worried, but they did much better than expected. Alpha Alpine Club, that always think about us and share love to the elders, you are the best!

Park Kyun-sook, Ban Su-jin

Park Kyun-sook, Ban Su-jin visited us. They have been volunteering for us since May 2017. When we are short of hands at the Cheongnyangri Babfor, where more than 800 people come to eat everyday, these two are there to help us with all the hard work. We are always moved by you. We hope you will be with us all along!

Vietnam

Author Kim Ju-young

Hands can do a lot of things, but the art of writing texts that move one's heart is the deepest of them. Author Kim Ju-young who worked in various fields including the public broadcasting in Korea, visited Babfor. Midst the busy schedule, you were our Mrs. Santa Claus, with arms full of presents. We hope to see you again soon.

Ryu Soo-hee, the deputy head of Happy Cook, and her children

Ryu Soo-hee, the Yesman to all of Babfor's requests, visited us with here children. And of course, subtly of bringing the pot that we needed all along! Thank you very much.

Uganda

University entrance of a volunteer

Kwon Yong-bae, the defense attaché, and his family have been helping us since we started Babfor last December. His children Kwon Ban-seok and Kwon Ei-in entered a university in Amsterdam, Netherlands, and worked their final Babfor the day before departure. We hope you adjust there and do well! Thank you.

Little Heaven

A mother and two sons! The family volunteer

A mother and her two sons came to volunteer at Dail Little Heaven. The typical high school students that come here are sent by their mothers, but rarely come with them. The mother answered to our curiosity with tears. Her sons have autistic disorder, she said, but nevertheless she wanted to show them the world and grow in them a helping heart. Her reason for volunteering deeply moved us. The two brothers spotlessly cleaned the Little Heaven under instruction, and also warmed the hearts of our elders. Come again, brothers. We are always waiting for you.

Park So-young from Kimpo Foreign Language High School

An 18 year old, must be busy over her head studying! But Park So-young from Kimpo Foreign Language High School visits us from time to time. With her smart looking appearance and overflowing confidence, she is the perfect volunteer at Little Heaven. We couldn't believe how mature she was when we heard that she comes all the way from Kimpo to Cheongnyangri to serve the elders here at Little Heaven. We can entrust her with any volunteer work these days. So-young says that she always maintains the attitude of learning anew here, and that she wants to continue coming here even after graduating high school. We wish you the best with your studies and college entrance. Keep it up!

Dongdaemun-gu Love Cleaning Volunteer Team

The Dondaemun-gu volunteer center runs the Cleaning Volunteer team by recruiting volunteers and directly connecting them with Dail Little Heaven. This time, high school students came to clean Little Heaven. We had an orientation for the first timers and continued with cleaning. Despite the early morning, they didn't seem tired at all. They helped us with cleaning, preparing snacks, and emotional support programs for elders. It didn't seem like their first time at all! Please come again through Dongdaemun-gu volunteer center!

Cambodia (Siem Reap Base Branch)

Pastor Hwang Chae-soon and the Cheerful Full Gospel Church
 Pastor Hwang Chae-soon, who has been supporting the Cambodia Dail Floating Village Kindergarten visited the Cambodia Dail community with the Full Gospel Church Vision Trip Team. They visited the kindergarten and Omanueok Church and shared music concerts, Taekwondo demonstration and Babfor. Especially at the Omanueok Church, the joy overflowed among children because of the precious gifts they brought us. We thank you for your love and prayer for Cambodia. It's a beautiful world! Arkoun preahyesaouv! (Thank you Jesus)

Jeollanam-do Province Doctors Association
 Kim Yong-duk presbyter, who shares his love with Dail at Nepal and Cambodia with his healing hands, visited us with the Jeollanam-do Province Doctors Medical Mission Team. They treated patients at the Siem Reap Phnom Krom Center, Omanueok, and Phnom Penh. Even in the sizzling heat they were restless to treat as many patients as possible. We would like to thank you again. They also promised to support us with prayer and attention, and to visit us again! It's a beautiful world! Arkoun preahyesaouv!

Cambodia (Phnom Penh Branch)

Gangwon-do Office of Education
 The Gangwon-do Office of Education visited us and helped us with Babfor and Breadfor at Phnom Penh. On the first day, elementary students worked with us so cheerfully that all the staff and teachers were very proud. On the second day came the middle and high school students who cleaned up and fed the children. We thank you for your volunteer in Babfor and Breadfor for two days.

Woori Bank Multicultural Scholarship Foundation & Woori Bank Multicultural Families & Woori Finance Cambodia
 The Woori Bank Multicultural Scholarship Foundation paid us a visit. They prepared many performances that the children enjoyed very much. They were eager to please the children with every performance. At Babfor, they made eye contact with each child, who repaid them with a smile. We express our gratitude to everyone of Woori Bank Multicultural Scholarship Foundation & Woori Bank Multicultural Families & Woori Finance Cambodia.

DAIL Community Spiritual Retreat Program

You can find a beautiful world through our
Spiritual Training Center at the Seolgok Mountain DAIL Community.

Are you experiencing happiness regardless of your environment or circumstance at your own will?

Seolgok-Dail community provides the opportunity to travel through spiritual space to seek a beautiful world on mother earth. For a week you can leave all your worries, sorrows, anxieties, and troubles behind and find answers to the question, "Who am I?", "Where am I in my life?", "What am I looking for?" and "What is the road to true happiness?" Along with Pastor Il-Do Choi and Yeon-Soo Kim, we have prepared spiritual leaders who can open doors to grace and guide you through the Christian spiritual training that has been passed down through church traditions including a diverse range of prayer training as well as healing of the whole-person including the body and soul.

Finding a Beautiful World

we focus on the negative emotions that interfere with us and help us to discover the roots of emotions, such as sadness, depression and grievance, which prevent us from living the original nature of God, love and gratitude. Silent Prayer and liner Healing, Facing these negative emotions in the ongoing questions, we find that the roots of the emotions are the rigid thought structures we have created and the unconscious systems that make up the structure of our thoughts. The awakening to notice the system comes with the "Aha!" experience, where the eggs are broken as if the eggshell breaks and the ground is shiny.

The Prayer for the Reconstruction of Babfor Sharing Movement Headquarters

Jesus, who came to earth as the bread of life!
Thank you for allowing us to share warm meals with
more than 10 million people
suffering from poverty and hardship
through Babfor Sharing Movement Headquarters
for the past 30 years.

Although many years have gone by,
Babfor is still being run at a provisional building.
We pray that a permanent facility be established
to better assist our marginalized neighbors
for it will help give comfort and courage
to those living amidst pain, suffering and despair
and provide a much-needed shelter and hope
to the homeless and lonely seniors.

Grant the Babfor volunteers,
who are more than 500,000 in number,
a new mission to participate in
the reconstruction of Babfor Center
so that it may become an iconic place in Dongdaemun-gu
that leads the City of Seoul in sharing and service.

We pray in the name of Jesus Christ,
who achieves reconciliation and union
and brings peace through bab (rice).
Amen.

For those who need a warm meal, We can share our love.
We look forward to your participation in the reconstruction of Babfor.
